Assessment

Answering exam questions

1. **2 marks:** Define a key word and give an example or further information.
2. **5 marks:** Give 5 different points or facts about the belief - these do not require explanation.
3. **8 marks:** The better answers will explain what the belief teaches us, or what it symbolises. Don't just state facts - go further and explain what they teach us about that religion and their beliefs. Why is it important to that religion?
