

'Wordly Wise'

Wordly Wise

Wordly Wise is a key element of both our Form Time Programme and of our Personal Development strategy. The session focuses on current affairs and by encouraging and developing communication skills such as debate, students develop the ability to hold a positive discussion with someone who has an alternate opinion. Wordly Wise encourages and celebrates diversity and tolerance, we aim to make all students appreciate our British Values and how we can improve and make a difference to the world which we live in.
